To deal with customers with a positive attitude and a customer friendly behaviour, the selection of front line staff should be carefully done. With an open mind and a smile on the face, staff should be able to win the customer's confidence. Imparting soft skills required for handling irate customers, should be an integral part of the training programs. It would be the responsibility of the Nodal Officer to ensure that the internal machinery for handling complaints/grievances operates smoothly and efficiently at all levels.
